

Professional Profile for Naomi Kemp

Lead Consultant & Business Partner

Naomi is passionate about helping businesses and leaders to keep their people healthy and safe. With over 15 years' experience in occupational health and safety, environment, training, compliance and enforcement management, Naomi brings a pragmatic approach to achieving success in these areas.

Naomi's knowledge and expertise in regulatory compliance and enforcement means she has the capability to support clients in areas such as management systems, governance, due diligence and engaging with Regulators. She is an established thought leader and professional speaker who volunteers her time to not-for-profit directorships, the UQ Occupational Health and Safety Science Program Advisory Committee and mentoring future health and safety leaders.

Experience

Naomi has experience from across a range of industries in Australia, and within small business right through to global corporations. Over her career, she has worked in and consulted to mining, heavy manufacturing, transport and logistics, education, power generation, laboratories, oil & gas, engineering and retail. Because of her unique industry experiences, she was a founding member of the WHSQ Safety Leadership at Work Reference Group.

Naomi specialises in developing sustainable strategies to address workplace issues and deliver tangible benefits for businesses. From short term needs through to long term strategic plans, Naomi is skilled at facilitating planning sessions and workshops with stakeholders to identify the way forward. She was recognised as a finalist for her strategic work in the 2018 WHSQ Safe Work Awards for Best Individual Contribution to Health and Safety.

Prior to joining Kitney, Naomi's previous roles included Enterprise Compliance Manager, Governance and Risk Division at The University of Queensland, OHS Advisor (HSW Strategy & Leadership) at The University of Queensland and Senior Advisor (Enforceable Undertakings) at the Queensland Office of Industrial Relations (Workplace Health and Safety Queensland).
