

## HEALTH AND SAFETY PARTNERSHIP WITH CCIQ

**FOR IMMEDIATE RELEASE: July 2020**

### **Kitney Partnership with CCIQ**

Kitney announces a new partnership with the Chamber of Commerce & Industry Queensland (CCIQ).

Brisbane, QLD: Kitney today announced a new partnership with the Chamber of Commerce & Industry Queensland (CCIQ). This partnership aims to provide members of CCIQ with access to specialised workplace health and safety advice, services, systems, and resources to improve the understanding and effectiveness of their business work health and safety practices.

“Kitney are proud to work with CCIQ, who is Queensland’s peak business body and taking care of business for almost 150 years and this partnership recognises the importance of health and safety management in business” says Jo Kitney, Director and Principal Consultant at Kitney. “Having been the State Manager – WHS in CCIQ in 2010/11, I am particularly pleased to be working with the organisation again in support of businesses in Queensland and as a market and thought leader in health, safety, quality and risk management, we have a great deal of support we can offer business.”

This new partnership will provide CCIQ members with access to Kitney’s WHS services and newly launched Toolkit Solutions, along with a helpline specifically designed to respond to members’ WHS issues; and will promote further collaboration between Kitney and CCIQ in the joint production of WHS webinars, presentations, events, and workshops.
